

**2024-2026 NURSING PRE-ADMIT COURSE DETAIL CHECKLIST**  
**PLEASE PRINT, COMPLETE, AND RETURN WITH APPLICATION**

**BMCC 7-DIGIT STUDENT ID #** \_\_\_\_\_ - \_\_\_\_\_

**Last Name:** \_\_\_\_\_ **First Name:** \_\_\_\_\_

**Former Last Name/s:** \_\_\_\_\_

**EMAIL ADDRESS:** \_\_\_\_\_ @ \_\_\_\_\_

**COMPLETE AND RETURN THIS FORM WITH YOUR APPLICATION:** Complete for courses you believe to be equivalent to the BMCC courses listed at.

**Pre-admit course requirements at time of application include:**

- Courses must be completed with a grade of “C” or higher at a regionally accredited institution.
- All pre-admit courses must be completed by the end of Summer 2024.
- A minimum of 30 credits of required pre-admit coursework must be completed at the time of application.
- Minimum 3.0 cumulative GPA for all pre-admit courses.
- Completion of BI 231 AND Math course (see course options below) during or prior to Fall 2024.

<b>REQUIRED PRE-ADMIT COURSES</b>					
<b>BMCC Course</b>	<b>Course #</b>	<b>Course Title</b>	<b>Grade</b>	<b>Term/Year Completed</b>	<b>Name of college/University</b>
<b>BI 231</b> <sup>1</sup> Human A & P					
<b>BI 232</b> <sup>1</sup> Human A & P					
<b>BI 233</b> <sup>1</sup> Human A & P					
<b>BI 234</b> Microbiology					
<b>FN 225</b> Nutrition					
<b>BI 112</b> <sup>2</sup> Cell Biology for Health Occupations					
<b>MTH 95</b> or higher. <sup>3</sup> (MTH 98, MTH 105, MTH 111, MTH 112 or MTH 243 are acceptable courses)					
<b>WR 121</b> <sup>4</sup> (4 credit)					
<b>WR 122</b> or <b>227</b> <sup>4</sup> (4 credit)					
<b>PSY 201</b>					
<b>PSY 237</b> <sup>5</sup> Human Development					
Social Science Elective <sup>6</sup>					

## **2024-2026 APPLICATION COURSE DETAILS**

BI 112 is a prerequisite to BI 231, BI 232, and BI 233. The courses within the human anatomy and physiology sequence (BI 231, BI 232, and BI 233) may be taken in any order. Course(s) including cell biology, histology, and chemistry may substitute for BI 112 (BI 211). Enrollment is also possible with an Instructor Override form if you have taken a combination of BI101 + CH104 or higher.

A genetics course or genetics module within a course is required. BI 112 is highly recommended. BI 112, or BI 101, or BI 149, or BI 211 meet this requirement.

Competency may be demonstrated by a math placement test or by successful completion of Math 95 or other course that leads to statistics. For students demonstrating MTH 95 competency through a placement test, student may take 0-5 elective credits (100- or 200-level) if needed to satisfy the 45-credit minimum prerequisite requirements.

Writing series must include a research component: WR 121/WR 121Z, WR 122/WR 122Z, & WR 123 (or WR 227/WR 227Z) at 3 credits each, or WR 121/WR 121Z, WR 122/WR 122Z (or WR 227/WR 227Z) at 4 credits each. If WR 121/WR 121Z and WR 122/WR 122Z at 3 credits each are completed, WR 227/WR 227Z may be taken during the first year in the program to complete the series (but completing the series prior to program entry is highly recommended due to scheduling concerns). Refer to the OHSU Course Equivalency Grid for Oregon State Schools (on BMCC nursing website); if your college or university is not listed on this Equivalency Grid, contact the BMCC Registrar's office for evaluation of transcribed writing courses. Completion of a Bachelor's degree at an English-speaking accredited college or university is considered equivalent to completion of the writing series.

PSY 201 is a prerequisite to PSY 237.

A minimum of nine credits total of social sciences (inclusive of PSY 201 and PSY 237) are required for the program. See available social science courses in the course catalog.
