

**Associate of Applied Science in Nursing
Program Prerequisite Courses/Placement Requirements
Fall 2025 Admission**

The following requirements must be met for full admission to our program. Applications must be completed and received by the Pendleton campus' Service Center no later than 5 p.m. on Tuesday, February 18, 2025.

Applicants must complete a minimum of 28 prerequisite credits with a 3.0 minimum GPA on prerequisite courses by the end of fall term 2024 in order to be eligible to apply for admission to our 2025-2027 program. All prerequisite coursework (minimum of 45 credits) must be completed with a grade of "C" or better and must be completed by the end of summer term 2025. If a course has been repeated, the most recent grade will be considered. Application to the nursing program requires a minimum GPA of 3.0 for all completed prerequisites.

	Course Number	Course Title	Credits
	BI 231 ¹	Anatomy & Physiology	4
	BI 232 ¹	Anatomy & Physiology	4
	BI 233 ¹	Anatomy & Physiology	4
	BI 234	Microbiology (with lab)	4
	FN 225	Nutrition	4
	BI 112 ^{2, 3}	Cell Biology for Health Occupations	4
Courses in this area are also AAS degree course requirements	MTH 95 or higher. (MTH 98; or MTH 105 or MTH 105Z; or MTH 111 or MTH 111Z; or MTH 112 or MTH 112Z; or MTH 243 or STAT 243Z are acceptable courses). ⁴ <i>Must be completed by the end of Fall 2024</i>	Intermediate Algebra or higher	4
	WR 121 or WR 121Z & WR 122 or WR 122Z or WR 227 or WR 227Z ⁵	English Composition	8
	PSY 201/201Z or PSY 202Z ⁶	General Psychology	4
	PSY 237 ⁶	Human Development	4
	Social Science Elective ⁷		4
TOTAL PREREQUISITE CREDITS			48

¹The courses within the human anatomy and physiology sequence (BI 231, BI 232, and BI 233) may be taken in any order. **One course must be completed by the end of fall term, 2024.**

²BI 112 is a prerequisite to BI 231, BI 232, and BI 233. BI 101 or BI 211 are course(s) that include cell biology, histology, and chemistry and may substitute for BI 112).

³A genetics course or genetics module within a course is required. BI 112 is highly recommended. BI 112, or BI 101, or BI 149, or BI 211 meet this requirement.

⁴Competency may be demonstrated by a math placement test or by successful completion of Math 95 or other course that leads to statistics. For students demonstrating MTH 95 competency through a placement test, student may take 0-5 elective credits (100- or 200-level) if needed to satisfy the 45-credit minimum prerequisite requirements.

⁵Writing series must include a research component: WR 121/WR 121Z, WR 122/WR 122Z, & WR 123 (or WR 227/WR 227Z) at 3 credits each, or WR 121/WR 121Z, WR 122/WR 122Z (or WR 227/WR 227Z) at 4 credits each. If WR 121/WR 121Z and WR 122/WR 122Z at 3 credits each are completed, WR 227/WR 227Z may be taken during the first year in the program to complete the series (but completing the series prior to program entry is *highly recommended* due to scheduling concerns). Refer to the OHSU Course Equivalency Grid for Oregon State Schools (on BMCC nursing website); if your college or university is not listed on this Equivalency Grid, contact the BMCC Registrar's office for evaluation of transcribed writing courses. Completion of a Bachelor's degree at an English-speaking accredited college or university is considered equivalent to completion of the writing series.

⁶PSY 201/201Z or PSY 202Z are acceptable prerequisites to PSY 237.

⁷A minimum of nine credits total of social sciences (inclusive of PSY 201/201Z, PSY 202/202Z, and PSY 237) are required for the program. See available social science courses in the course catalog.
