#### **Purpose/Principle/Definitions:**

##### **Purpose:**

The purpose of this procedure is to address exceptions to the general rule that students may not register in overlapping classes. Students consistently arriving late for a class or departing early can disrupt the teaching and learning process. Instructors are allowed to accommodate student-scheduling problems but are not required to do so.

##### **Principles:**

1. Allowing enrollment in time conflicted classes disrupts the teaching and learning process.
2. Conflict exceptions can be granted for extenuating circumstances.
3. Students may not be added into courses that conflict without a Request for a Time Conflict Exception that is signed by instructors of both conflicting courses and approved by the Vice President, Instruction.

##### **Definitions:**

As a general rule, enrollment in overlapping classes will not be allowed. Overlapping classes are defined as:

1. Classes that have any common meeting time are considered to be overlapping.

2. Students are not permitted to register for classes that overlap unless they successfully petition for permission to do so.
3. Petitions for overrides for such conflicts require the approval of all instructors involved. The decision to approve or not approve is discretionary with each instructor involved and shall be granted for extenuating circumstances only.

**Parameters/Guidelines/Applications/Limitations:**

**Parameters:**

All revisions to this procedure will be recommended to the Office of Instruction and forwarded to the Cabinet for final recommendation.

**Guidelines for extenuating circumstances:**

1. The student is graduating and needs the course to complete graduation requirements within the next year.
2. There are no alternate sections of the course currently offered.
3. The courses overlap no more than 20 minutes

**Reasons not considered Extenuating:**

1. Time conflicts due to work schedule
2. Time conflicts due to the desire for a specific schedule when other options are available.
3. Time conflict request will never be granted for courses that completely overlap

**Procedures:**

Student will fill out a Petition to Enroll in Overlapping Classes, present to both instructors for approval, signed by Vice President, Instruction. If approved, the petition will be delivered to student services for enrollment into the classes.
