**Purpose/Principle/Definitions:**

Through the course offerings necessary to attain a degree, BMCC strives to provide all graduates with the following core competency skills:

- Written and oral communication
- Critical thinking and problem solving
- Community, cultural, and diversity awareness
- Information and technology literacy
- Workplace, wellness, and ethical responsibility

To assure the educational breadth necessary to acquire these core competencies, degree candidates must complete work in general education and other specific requirements related to each degree.

**Guidelines:**

Other than the AAOT and the Oregon Transfer Module, whose standards are determined by the State of Oregon in partnership between the Oregon community colleges and the OUS system, academic departments designing and maintaining curriculum for the AS, AAS and Certificate programs at BMCC are required to ensure that the above-referenced competencies are included in their programs.
